AMERICANS NOT TOLD TO GET OUT OF BERLIN

Morgenthau of Constantinople conferred with Von Jazov and Zimmerman, before going to Washington, supplementing that of Colonel House about the submarine warfare and the attitude of the Teutons. Newspapers are awaiting the Washington decision before discussing the Lusitania case. "We will find some way to beat the armor-plate makers," Chairman Tillman said today. Experts reported the cost of plate was \$250 a ton, whereas the government has been paying \$420 for several years. Penrose declared if the bill passes, private plants would add \$200 a ton to the price of plate until the government plants were completed. CAN A GOOD LITTLE MAN BEAT A GOOD BIG MAN?

Jess Willard, Heavyweight Champion, 245 pounds.

Jack Dillon, 165 pounds.

Emphatic statements have been made that Jess Willard, heavyweight champion and Jack Dillon, the light heavyweight, have been matched for ten rounds in New York. It is said the fight will be held in Washington Park, Brooklyn, the home of the Brooklyn Federal League Baseball Club, which has gone out of business. Willard will likely enter the ring at 245 pounds, while Dillon will weigh probably 165. It is not yet known what action the New York state boxing commission will take. Former statements of members of the commission lead to the belief that the bout will not be permitted. It would probably do irreparable injury to the sport in New York state.
